Section 4 of the guide: A bank account in Dubai: possible without a visa, but know what you get

With residency

With a residence visa and an Emirates ID you can open a regular account with full services. A Golden Visa through property is one way to get residency (see the Golden Visa guide).

You will need your passport with the visa, your Emirates ID, and, if you are employed, a salary certificate. At banks that allow you to open an account via their app, the process takes a few minutes, and your debit card arrives within about a day.
