What to check back home

These are good questions to bring to an accountant in your country:

- Do I need to report rent from the property, and how?
- What do I report and pay when I sell, including when I sell at a loss?
- Do I need to report the fact that I hold a property abroad, or that I transferred a large amount?
- Are there deadlines, for example after a sale?
- How does the exchange rate affect the calculation of my gain?
